EDGE 70 / 80 / 85 – Concept Yacht Series

The EDGE 70, 80, and 85 concept series represents a unified design language developed to redefine contemporary luxury yachting.

Conceived by Blend Studio, this series explores the balance between architectural precision, fluid marine forms, and bespoke lifestyle experiences at sea.

Each model shares a common DNA while being carefully scaled to offer distinct spatial experiences across size categories.

The EDGE series is driven by a clear architectural approach: strong horizontal lines, sculpted volumes, and a refined sense of proportion.

The design emphasizes visual lightness while maintaining a powerful, confident stance on the water, key principles include, clean, uninterrupted exterior lines, seamless indoor–outdoor transitions and a strong relationship between form, function, and lifestyle

EDGE 70 / 80 / 85 – Concept Yacht Series

Exterior Concept

The exterior design showcases a bold yet elegant silhouette, characterized by expansive glazing to maximize natural light and sea views, tiered decks that create visual depth and dynamic profiles, a minimalist palette that enhances the yacht's sculptural quality

Each vessel is designed to appear timeless rather than trend-driven, ensuring long-term visual relevance.

Interior Vision

Interiors are envisioned as fully bespoke environments, reflecting Blend Studio's architectural background. The spaces prioritize open-plan layouts with flexible configurations, high-end materials selected for texture, warmth, and durability, a calm, contemporary atmosphere inspired by modern waterfront living.

The interior concept adapts seamlessly across the 70, 80, and 85 models, scaling in volume while maintaining a consistent design identity.

EDGE 70 / 80 / 85 – Concept Yacht Series

Lifestyle & Experience

The EDGE series is designed around the owner's experience with generous social areas for entertaining, private tranquil zones for relaxation, thoughtful circulation ensuring comfort and privacy

Every space is intended to feel purposeful, refined, and intuitive.

Model Differentiation: 70 / 80 / 85

While unified in language, each model offers a distinct proposition:

EDGE 70: A compact yet luxurious platform ideal for agile cruising

EDGE 80: A balanced yacht offering enhanced volume and versatility

EDGE 85: A flagship expression with expanded living spaces and elevated presence
